+£95

Up to 3 schools
working together

OUR YEAR 6 TRANSITION DAY WILL...

- involve all Year 6.
- broaden understanding of the changes they will face
- help them to appreciate all the grounding they have received through primary school
- identify some of the issues they are likely to face
- help children see the incredible opportunities they will receive that will develop their knowledge, experience and confidence.
- present three songs they will learn and record
- create the opportunity for the children to perform in an end of school assembly or film a video to be shared
