

The nights are getting colder
Another season ends
Bright lights shine out in cities
It's Christmas once again
With cards of festive greetings
Arriving from our friends
And everyone's excited
It's Christmas once again

The nights are getting colder
Another season ends
Bright lights shine out in cities
It's Christmas once again
With cards of festive greetings
Arriving from our friends
And everyone's excited
It's Christmas once again

Listen now and hear us say
We can't wait for Christmas day

Come and sing it out, everybody shout,
Time to celebrate, it's Christmas once again
Thinking of the past, Thankful for our friends
Hoping for the best, it's Christmas once again

We search for thoughtful presents
For those we know and love
This is a time for giving
It's Christmas once again
A joyful time of singing
Of parties and of fun
And everyone's excited
It's Christmas once again

Listen now and hear us say
We can't wait for Christmas day

Come and sing it out, everybody shout,
Time to celebrate, it's Christmas once again
Thinking of the past, Thankful for our friends
Hoping for the best, it's Christmas once again

Heaven's peace and joy to you
As you welcome in good news
Blessings be to everyone

CHORUS: Come and sing it out...

Verse 1

As their song broke the silence of night,
And earth's darkness gave way to their light,
Angels told of the birth of a king,
At Christmas
As the choir in the heavens above,
Sang with joy of God's message of love,
Bringing peace to all people on earth,
At Christmas
The story of old begins to unfold,
Immanuel is here

Chorus:

Come and celebrate on this holy night,
Come and celebrate God's eternal light,
The promise of love, the promise of life for all,
Singing a song that will never end,
Time after time ringing out again,
Lift up your voice and join in the angels' song

Verse 2

Then a star rose and hung over earth,
Clearly marking the place of this birth,
Bringing news that a Saviour was born,
At Christmas
And three wise men who watched from afar,
Chose to follow the sign of the star,
Gathered gifts fit to honour a king,
At Christmas
The story of old begins to unfold,
Immanuel is here

Chorus:

Come and celebrate on this holy night,
Come and celebrate the eternal light,
The promise of love, the promise of life for all,
Singing this song that will never end,
Time after time ringing out again,
Lift up your voice and join in the angels' song

Middle 8

We sing with joy that Jesus came,
We celebrate the sign of God's true love for everyone,
Shown in this child divine.

Chorus:

Come with us, come and celebrate
Hurry on down, don't wanna be late
Oh... let's get up and go
An angel choir singing 'don't be afraid'
We bring good news of the birth of a babe
Oh... let's get up and go

Leave the fields; go to Bethlehem
We will never see such a day again

Oh.... let's get up and go, get up and go
Oh....let's get up and go, get up and go

Peace on earth and good will to all
A saviour's born in a manger stall
Oh... let's get up and go
He's chosen us, calls the weak and poor
To see God's glory here through heaven's door
Oh... let's get up and go

Leave the fields; go to Bethlehem
We will never see such a day again

Oh.... let's get up and go, get up and go
Oh....let's get up and go, get up and go

(Instrumental)

Oh.... let's get up and go, get up and go
Oh....let's get up and go, get up and go

Darkness has fallen, deep in our hearts
Stars we have followed, faded and past
Lives needing purpose, lonely and cold
We wait in longing for the light of the world
He has come, He has come

He's the everlasting light and he shows the way
He is rising like the sun on a brand new day
He's the bright and morning star and all people see
He has come

Light from the Father piercing the clouds
Streaming from heaven, shines in our souls
Love for the lonely, warmth for the cold
We turn in longing to the Light of the World
He has come, He has come

He's the everlasting light and he shows the way
He is rising like the sun on a brand new day
He's the bright and morning star and all people see
He has come

Heaven needs no other sun
Heaven needs no other sun
He's the bright and morning star
He has come

He's the everlasting light and he shows the way
He is rising like the sun on a brand new day
He's the bright and morning star and all people see
He has come

When I look at you it's all I can do just to hold back the tears
I've waited so long I've had to be strong and now you're here with me
I'm not really sure what I'm meant to do it's all so very new
I want to hold you close to my heart and whisper I love you

Little baby, my precious baby
I'll keep you safe from harm
I've been watching, praying, waiting
And now you're in my arms

I have no idea, it's not been made clear, who you're going to be
I know there's a plan, that you're in God's hands
I only have to believe.

They called you a saviour, they called you a king
They called you the prince of peace
Whatever happens I hope you'll know how much you mean to me

Little baby, my precious baby
I'll keep you safe from harm
I've been watching, praying, waiting
And now you're in my arms

Before we go into the world
Let's quietly just be
This moment for the two of us
I'll treasure close to me

Oh Oh Oh Oh Oh, Oh Oh Oh Oh Oh,
Oh Oh Oh, Oh Oh Oh,
Oh Oh Oh Oh Oh

If you see somebody alone
Someone tired and far from home
Would you show you understand and lend a hand?
If you see somebody who's low
Got no friends and nowhere to go
Would you show you understand and lend and hand?

Learn what it means to be truly selfless
Taking the time to be kind to others
This is your life and you choose how to live
Some want it all, gotta know what matters
Living a life for a greater purpose
This is your life and you choose how to live

Oh Oh Oh Oh Oh, Oh Oh Oh Oh Oh,
Oh Oh Oh, Oh Oh Oh,
Oh Oh Oh Oh Oh

If you see somebody left out
On their own, nobody about
Would you show you understand and lend a hand? If you see somebody in tears
Left alone with all of their fears
Would you show you understand and lend a hand?

Learn what it means to be truly selfless
Taking the time to be kind to others
This is your life and you choose how to live
Some want it all, gotta know what matters
Living a life for a greater purpose
This is your life and you choose how to live

Lend a hand, lend a hand, lend a hand
Lend a hand, lend a hand, lend a hand
Lend a hand, lend a hand, lend a hand
Ooh Ooh Ooh Ooh

Lend a hand, lend a hand, lend a hand
Lend a hand, lend a hand, lend a hand
Lend a hand, lend a hand, lend a hand
Ooh Ooh Ooh Ooh

Learn what it means to be truly selfless
Taking the time to be kind to others
This is your life and you choose how to live
Some want it all, gotta know what matters
Living a life for a greater purpose
This is your life and you choose how to live

Learn what it means to be truly selfless
Taking the time to be kind to others
This is your life and you choose how to live
Some want it all, gotta know what matters
Living a life for a greater purpose
This is your life and you choose how to live
