

## Hope will rise

### Verse 1

There is a song that will not end  
There is a hope that will not fade  
We can choose our destiny  
Change the course of history  
We're the future and our voices will be heard

### Verse 2

This is the song that we will sing  
This is the hope that we will bring  
With the choices that we make  
New directions we can take  
We're the future and our voices will be heard

### Chorus

Here we stand holding on to a living hope  
Here we stand holding on and we won't let go  
Light will rise over darkened skies  
Here we are standing strong with our heads held high  
Here we are with a hope that will never die  
And forever...hope will rise

### Verse 3

Now is the time to leave the past  
Now is the time to make a start  
We will plant the seeds of change

And the clouds will lift again  
We're the future and our voices will be heard

### Chorus

Here we stand holding on to a living hope  
Here we stand holding on and we won't let go  
Light will rise over darkened skies  
Here we are standing strong with our heads held high  
Here we are with a hope that will never die  
And forever...hope will rise

### Middle 8

And the world will always turn  
And the day will always come  
If we lift our voice as one ... hope will rise

### Chorus

Here we stand holding on to a living hope  
Here we stand holding on and we won't let go  
Light will rise over darkened skies  
Here we are standing strong with our heads held high  
Here we are with a hope that will never die  
And forever...hope will rise

## **I'll hold on**

### Verse 1

Seems there are times we don't get what we want  
Seems there are times we must wait  
Seems there are times when we need to hold on  
I'll hold on, I'll hold on

### Verse 2

Choosing to wait, never easy to learn  
Choosing to wait makes me strong  
Choosing to wait being patient for now  
I'll hold on, I'll hold on

### Chorus

I'm gonna try to show a different me  
I'm gonna try to be, so all can see  
Cos waiting patiently is good for me  
I'll hold on

### Verse 3

Wanting the things that we don't really need  
Wanting the things we can't have  
Wanting the things just like everyone has  
I'll hold on, I'll hold on

### Chorus

I'm gonna try to show a different me  
I'm gonna try to be, so all can see  
Cos waiting patiently is good for me  
I'll hold on

Pre chorus

Thankful for the things I have

Waiting for the best

I don't always be the same as all the rest

Chorus

I'm gonna try to show a different me

I'm gonna try to be, so all can see

Cos waiting patiently is good for me

I'll hold on

Chorus

I'm gonna try to show a different me

I'm gonna try to be, so all can see

Cos waiting patiently is good for me

I'll hold on

Celebrate, come on celebrate  
Celebrate, come on celebrate

Ain't nothing like this feeling deep down inside  
We're here together, now the day has arrived  
when we celebrate all the joy we have shared  
Working together as one  
Just look ahead and see the door's open wide  
New opportunities the world will provide  
Now the time has come to step out and move on  
Knowing that you will stay strong

Celebrate, come on celebrate  
It's over to you, now it's over to you  
Celebrate, come on celebrate  
It's over, it's over to you

And as the years go by you'll look back and see  
Our time together gave us great memories  
And you'll celebrate all the joy we have shared  
Working together as one

Celebrate, come on celebrate  
It's over to you, now it's over to you  
Celebrate, come on celebrate  
It's over, it's over to you

(kids) Eh Oh, Eh Oh - now it's time for us to go  
(teachers) Eh Oh, Eh Oh - now it's time for you to go  
(kids) Eh Oh, Eh Oh - now it's time for us to go

(teachers)Eh Oh, Eh Oh - now it's time for you to go

Celebrate, come on celebrate

It's over to you, now it's over to you

Celebrate, come on celebrate

It's over, it's over to you

## **Rise again**

**©2018 Andy Silver**

When I work so hard and I've tried my best  
But it's not enough and I fail the test,  
Then I make the choice - give up or rise again  
When disappointments come, as the days go by  
Over time I'll see there's a reason why  
Then I make the choice - give up or rise again  
There is nothing I can do to change the past  
There are lessons learned, I'll build on what will last

No one's gonna take away what I can do  
Make all things new, I'll rise again  
No one's gonna take away my love for life  
Make all things right, I'll rise again

When I think about the mistakes I made  
There is always hope, there's a better way  
Then I make the choice - give up or rise again  
And the tears that flow, they will soon be gone  
If I face the truth, it will make me strong  
Then I make the choice - give up or rise again  
There is nothing I can do to change the past  
There are lessons learned, I'll build on what will last

No one's gonna take away what I can do  
Make all things new, I'll rise again  
No one's gonna take away my love for life  
Make all things right, I'll rise again

When that moment comes I'll rise again  
When a new day comes I'll rise again

No one's gonna take away what I can do  
Make all things new, I'll rise again  
No one's gonna take away my love for life  
Make all things right, I'll rise again

## **The truth will set me free**

It's tempting to deceive  
But others see through men  
I can feel it  
I can feel it  
Pretending I am right  
But knowing I am wrong  
I can feel it  
I can feel it  
Every time I tell a lie  
I hear a voice that whispers at night  
Telling me to make the choice  
Telling me to do what is right

No matter what the cost  
And no matter what is lost  
The truth will set me free  
The truth will set me free  
I'll make a brand new start  
And I'll work to make it last  
The truth will set me free  
The truth will set me free

Sometimes you can see  
The selfishness in me  
I can feel it  
I can feel it  
Taking what is yours  
Pretending it is mine  
I can feel it  
I can feel it  
Every time I tell a lie  
I hear a voice that whispers at night  
Telling me to make the choice  
Telling me to do what is right

No matter what the cost  
And no matter what is lost  
The truth will set me free  
The truth will set me free  
I'll make a brand new start  
And I'll work to make it last  
The truth will set me free  
The truth will set me free

Speaking truth to one another - oh oh oh oh  
Living truth with one another - oh oh oh oh

Chorus
